Nature of Complaint:

10/17/07 Mr. Burthardt opposes the proposed 19.4% increase in rates. He believes that Yarnell is looking for an increase that is not justified. By raising the rates this will not promote conservation in his opinion. He strongly feels that the high users should pay more then the low users. This will give them an incentive to use less. A 19.4% is to high with rate of inflation being 2-3%.
